Abdelghny Orogat (COMP3005A - Database Management Systems)

Instructor: Abdelghny Orogat
COMP3005A - Database Management Systems

Comment #1:
Honestly quite a good instructor, better than the actual prof. Good lecture slides, clear on the content, easy to take notes from. Quite good instructor. No ideas for improvement.

Comment #2:
lecture slides were quite hard to read and lectures were a bit hard to follow. Good course format though

Comment #3:
Your slides are very clear! thank you!

Comment #4:
Lectures were a little too much of just the professor reading off the slides, and less engaged teaching.

Comment #5:
Abdelghny did a great job explaining all the course topics thoroughly during the lectures and would make sure all questions were answered before moving forward.

Comment #6:
Excellent professor! I attended many of his office hours, and he was very patient with my questions. I will definitely take another one of his classes if I have the opportunity to do so.
